

# ECO UPDATE#4

Climate  
Sunday

Sunday 6 June at 10.30am

A climate-focused service ahead of COP26 to advance a cleaner, greener, fairer future for our planet and all that inhabit it.

## Environmental Lifestyle Survey

**Thank you!**

Thank you so much for completing the High Street Lifestyle Survey. The full results are attached along with data from last year to compare. It is wonderful to see some really significant lifestyle changes taking place as well as plans for further changes. We will continue to share information from the survey over the coming weeks.
